# Keith Stokes

New Port Richey, Florida | (727)-831-9124 | stokesk.swe@gmail.com
www.linkedin.com/in/keith-stokes-swe/ | PandaBump (Keith) (github.com)

## EXPERIENCE SUMMARY

- Over 7+ years of collegiate and self-taught code
- Designed web applications utilizing different programming languages and frameworks
- Utilized the .NET Framework to develop MVC applications in C#
- Leveraged SQL along with several RDMSs to develop and maintain application databases
- Contributed to existing code base as member of an Agile/Scrum development team

## SKILLS SUMMARY

### Software:
Proficient

| | | |
|---|---|---|
| ☑ Python | ☑ CSS | ☑ jQuery |
| ☑ JavaScript | ☑ TypeScript | ☑ React |
| ☑ HTML 5 | ☑ SQL | ☑ Bootstrap |
| ☑ Git | ☑ C++ | ☑ MongoDB |

Familiar

| | | |
|---|---|---|
| ☑ PHP | ☑ Swift | ☑ .NET |
| ☑ C/C# | ☑ Java | ☑ PostgreSQL |

### Non-Technical:

| | | |
|---|---|---|
| ☑ Resourceful | ☑ Problem Solver | ☑ Creative |
| ☑ Growth Mindset | ☑ Self-Starter | ☑ Organized |
| ☑ Team Player | ☑ Adaptable | ☑ Effective |
| ☑ Critical Thinker | ☑ Goal-Oriented | Communicator |

## WORK EXPERIENCE

### GenAI Trainer | Outlier - Remote
05/22/2024 - Current

- Maintain 100% dependable understanding of prompt situations by thoroughly reading prompts and contextual messaging.

- Follow a precise process as closely as possible, leaving little to no room for error.
- Heavily implement grading criteria in my workflow to deliver well-communicated analyses for my team.
- Offer a resourceful generalist mindset when fact-checking AI responses, creating more diverse, yet just as meticulous results.
- Provide expeditious and comprehensive reasoning for final reviews and scores, contributing to competitively fast turnarounds, accurate and agreeable results for peer review, and overall more high-quality artificial intelligence models

## Graphic Designer | US Signs & Letters - Hudson, Florida
06/08/2022 - 03/08/2024
- Reliably maintained high levels of Flexi and Enroute software expertise and troubleshooting capability, producing competitively more on average than my peers.
- Often assisted with in-office issues ranging from tasks such as email management and printer troubleshooting to file management and computer maintenance.
- Consistently innovated in the synthesis process of customer information to create custom graphics for individual in-house departments. This increased speed of delivery from graphics deployment to shipping of channel letters by over 100%, facility wide.
- Asked and looked for ways to help my peers perform better, help myself to design better, and help our company to deliver excellence better, leading to easier and quicker product delivery.

## EDUCATION AND TRAINING

## Certification in Software Development | The Tech Academy
09/15/2023 - 04/22/2024
- Intense and structured full-stack program that established a deeper understanding of coding for me.
- Gained skills necessary to work on full-stack projects
- Refined my ability to self educate, future-proofing my continuous learning for software engineering.

## A.S. Degree - Computer Science | Pasco-Hernando State College
08/20/2016 - 05/11/2018
- GPA: 3.5
- Member of Future Business leaders of America (FBLA)
  - Participated in competitions, placing third my first year competing in IT Troubleshooting at state level
  - Gained vital leadership training that has formed much of my own leading style
  - Provided community services, advocating for the importance of connecting with our communities
  - Actively engaged in raising thousands of dollar via fundraising events
